USAISC OPERATIONS COMMAND
FORT LESLEY J. MCNAIR
WASHINGTON, DC 20319-5050

**INTERSERVICE SUPPORT AGREEMENT
BETWEEN
USAISC-OPERATIONS COMMAND
AND
FOREIGN BROADCAST INFORMATION SERVICE**

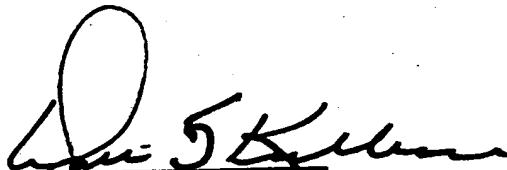

1. The purpose of this interservice support agreement is to define the responsibilities and procedures under which the USAISC-Operations Command will provide authority for the Foreign Broadcast Information Service, P.O. Box 2604, Washington, D.C. 20013, to install two (2) microwave antennas back to back on the microwave tower at Tysons Corner, Virginia. The antenna installation is to serve as part of a microwave link between Reston and Langley, Virginia.
2. The communications equipment to be installed at the Tysons Corner Microwave Tower, Tysons Corner, McLean, Virginia will operate at a frequency of approximately 23 Gigahertz. The equipment shall be FCC Type identifier BV 88U4MA23CC, Emission Designator 25000F9.
3. The following responsibilities are defined:
 - a. The USAISC-Operations Command:
 - (1) Will coordinate equipment installation/removal to assure a minimum of interference, and control and maintain an equitable distribution of tower space to provide for future requirements.
 - (2) Will provide a common on-site equipment service area for use by all authorized Foreign Broadcast Information Service personnel.
 - b. The Foreign Broadcast Information Service:
 - (1) Will provide all installation materials and labor for the initial installation and subsequent maintenance.
 - (2) Will provide a validated personnel access list to the USAISC-Operations Command Security Officer (ASNK-O-I) on a quarterly or as required basis dependent on subsequent changes of personnel.
 - (3) Will adhere to the current fire regulations to assure that no excess materials, empty boxes or other trash are left scattered about which could create a hazard.
 - (4) Will remove any excess installation materials upon completion of any project work.
 - (5) Will relocate or remove antennas upon notification of any interference caused by the FBIS which affect other installed systems.

4. Users of the tower facilities may be required to provide funding support in the event USAISC-OPS CMD funds are not available for maintenance/upkeep of the facility. This funding will be on a proratable basis among all users of the facility based on the quantity of equipment installed.

5. The terms and conditions of the Interservice Support Agreement are hereby accepted this 14th day of January 1987.

Director, Foreign Broadcast
Information Service

WALTER S. KULBACKI
Colonel, SigC
Commanding
